

Method of Preparation

Poppers

- 01** Preheat the oil to 170°C.
- 02** Take the pack from the freezer (-18°C to -22°C). Use only what you need and return the rest immediately.
- 03** Dip the poppers in the hot oil. Fry for 2 to 3 minutes until they turn golden brown.
- 04** Remove and wrap the poppers in a tissue to absorb excess oil.
- 05** Serve them with your favorite sauces.
